Message From The Editor

Dear Fellow CLC Members,

The summer of 2011 is moving on at full speed, and we are finally enjoying the blessings of the great weather here in the Bay Area. Other parts of the country have had heat waves and terrible storms or flooding. Here, we're still trying to figure out what layers to put in the car in case the marine layer penetrates into the foothills.

Take a look at the photo below. I have a friend who attends the Art Deco Show in San Francisco regularly. He found this numbered serigraph done by artist Michael Young (at least we think that's the name scrawled on the print). It depicts a Cadillac showroom from the inside looking out. The towncar appears to be a 1939 Cadillac Town Car. The smaller advertisements hanging on the wall show a 1939 Cadillac and a 1940 Cadillac. The artist has captured sunlight streaming into the showroom and the happy faces of passersby. If you know anything of the history of this painting, please contact Charles Thompson at 415/519-7468.

The grapevine tells me that Portal Park was a big success this year -- well attended, multiple manufacturers, beautiful setting. The list of participants and winners is included elsewhere in this newsletter. If you attended and came home with some really good photographs you'd like to share, send them to Charles Thompson at Cadillac1949@aol.com.

If you haven't already done so, it's time to make your plans and reservations for the All State Meet (a.k.a. The North-South Meet) in Morro Bay. The dates are October 7 – 9, and the SoCal CLC is arranging the event. If you want to tour down from the Bay Area, let me know so we can make arrangements to meet and drive down together.

Portal Park 2011

This years Portal Park was attended by almost 80 cars this year. Pre-registered cars included: 25 Cads and LaSalles, 18 Packards, 20 modified Cadillacs from the Cadillac Kings, and other clubs, 5 Buicks, 4 Lincolns, 3 Imperials, a Ford Model A, a '33 Franklin and Jeff Nielsen's lovely Blue Hudson.

The firefighters BBQ cooked delicious chicken and tri-tip with all the fixin's.

For those of us who stuck around until the end of the show, we got to help Leonard Piszkiwicz out by push-starting his 1927 LaSalle - boy that is one heavy automobile!

PACKARD

1982 Cadillac Coupe de Ville For Sale

20,000 miles (literally driven by a little old lady since purchase)
V-8 HT-4100 engine (4.1 liter)

Automatic Transmission, 2 door, White

Pros: Low mileage, engine runs great and was recently checked by a mechanic. The interior is original and perfect, and only a few of the tiniest spots (less than 1/4 inch in diameter) of surface rust.

Cons: Right rear fender was scraped and repainted, no pinstripe on that piece. Radio antenna doesn't work. AC was disconnected (my uncle thought he'd save gas that way). Trunk spring broken.

Buck's Breakfast – 10:00 AM

Tesla Motors Tour – 12:00 Noon

Friday, September 9th

See the New Tesla Roadster 2.5 up close and personal and get an early introduction to the much anticipated Tesla S Model.

First – let's meet at 10:00 AM for a satisfying world-class breakfast at the one and only Buck's Woodside. After breakfast join us for the 15-minute drive up Sand Hill Rd. to Tesla Motors (directions below). We'll enjoy a personal club tour & Q&A with a Tesla representative and, for those who wish, *your very own test drive*. This tour has been arranged by Amy Benz whose mom and dad are CLC members, Marilyn and Joe Benz. We are more appreciative of Amy's arrangement than words can express. **Find the registration form a couple of pages down.**

Tesla Roadster and Model S

Instant Torque

The AC induction motor and single speed gear box create instant torque from 0 rpm. Up to 295 lbs-ft of torque and 288 horsepower are produced as the car smoothly accelerates from 0 to 60 mph in 3.7 seconds

Superior Handling

The electric power train enables unprecedented responsiveness. The Roadster becomes an extension of the driver and reacts in an instant. The optional custom-tuned suspension allows the driver to adjust the handling to their preference.

Elite Construction

The hand-built, carbon fiber Roadster sets the mark for premium electric cars to come. The monocoque chassis, constructed of resin-bonded and riveted extruded aluminum adds rigidity and strength to the lightweight package.

Zero Emissions

The Roadster offers supercar performance without supercar emissions. Engineered for efficiency, the zero-emissions Roadster can drive 245 miles per charge. It plugs into nearly any outlet, anywhere in the world.

The Model S deliveries begin in 2012

TESLA MOTORS was founded in 2003 by a group of intrepid Silicon Valley engineers who set out to prove that electric vehicles could be awesome.

THE TESLA ROADSTER hit the streets in early 2008 as a car with no equal. Two years later, over 1,650 Roadsters drive emissions-free in more than 31 countries.

TESLA'S BATTERY PACKS AND POWERTRAINS will help lessen global dependence on petroleum-based transportation and drive down the cost of electric vehicles. By cooperating with other car manufacturers, we hope to put more electric cars on the road.

EVERY TESLA AND EV using Tesla Technology is a step towards making increasingly affordable electric cars available to the consumer. It's more than electric, it's Tesla.

	Employees: 1,000+	Stores: 18 worldwide, more coming soon.

All-State Meet

(a.k.a. The North-South Meet)

October 7-9, 2011

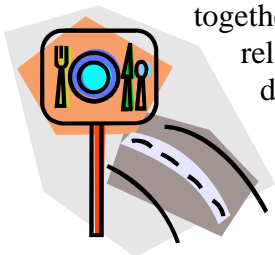

The Southern California CLC is arranging this event and has selected the Inn At Morro Bay as our headquarters. The application is on the next page. Please print, fill out and send along with your check as soon as you can.

This spectacular part of the California coast has an amazing array of things to do and see. Attractions include.

- Wineries & Wine Tasting
- Hearst Castle
- Pismo Monarch Butterfly Grove
- Golf Courses

Nestled in the dramatic Pacific coastline, thriving under the watchful eye of ancient Morro Rock, you'll find the quaint town of Morro Bay, California. Close to San Luis Obispo, the Inn at Morro Bay offers a unique setting unrivaled by other San Luis Obispo hotels. You will enjoy a beautiful drive, whether you take Highway 101 or experience the breathtaking views of the Central Coast of California that scenic Highway 1 offers. San Luis Obispo Airport is within thirty minutes drive of the Inn at Morro Bay.

If you would like to tour down as a group on Friday, October 7th, please contact Charles Thompson at 415/519-7468. We would most likely meet somewhere near San Jose and drive down together. We'll find a place along the way to enjoy lunch together and then travel on to the hotel in time to relax and meet once again for cocktails and dinner.

Note that the per-night rate quoted in the application is \$129, and the rate shown for a single queen room on the Inn's website is \$119. However, I know of two members who made reservations early and have gotten better rates. Please make your plans and call the hotel for the best rates you can get. Ask about AAA discounts.

2011 marked a fabulous year for the annual Nostalgia Days Cruise and Car Show in Novato. While it's heavily tilted toward the hotrods, modifieds and muscle cars, there were a good number of classics as well. Good cars, good food, good music and hundreds of great people. What could be better on a Saturday afternoon? My '49 Cad was the only Cadillac in the show!

**Nostalgia Days
